

Counseling Access for Wyoming Ag: The past few years have been demanding. Especially for our Wyoming producers.

Align is partnering with the Wyoming Department of Agriculture to provide vouchers for up to six counseling sessions for individuals working in agriculture, rodeo, and/or farming communities. For more information for yourself or your counselor please email Sheila Ricley at sricley@thealignteam.org.

Depression, anxiety, and other trauma-related symptoms are common responses during a stressful time such as a global pandemic. You are not alone. Asking for help, seeking support, resources, education, and simply reaching out are positive steps to take to deal with the overwhelming uncertainty that our agriculture, rodeo, and farming community are faced with every day.
